Name	What have you completed since last meeting?	What are you going to complete today?	What obstacles are in your way?
Yang	Looked into text editors RichTextFX and HTMLEditor and am debating which one we should try to use	Start trying to implement the RichTextFX editor as our main Text editor and see how it goes	N/A
Hummad	Looking back at the homepage we made for sprint 1, we might want to switch how it looks/how it works.	Look into other methods for the homepage UI and start reworking it	Currently, we have no way to create a title for our note
John	Dealing with opening a note, thinking of using different layouts such as tabpane for this	Start implementation of the tabpane and see how it goes	N/A
Tim	Relooked at lecture notes to see how we can deal with saving local information	Will start by trying to implement a way to save application window size and position on the screen	N/A

Outstanding

Do we need help with anything? Not currently

Decisions

Is there anything else we should capture from this meeting?
