Questions

Enter comments below. If a team member is absent, fill in their name, and put a line through the answer section.

Name	What have you completed since last meeting?	What are you going to complete today?	What obstacles are in your way?
Yang	Created a rich text editor for bold, italics, highlighting etc. of the note itself.	[Pair programming with hummad and Yang to fix UI of homepage	N/A
Hummad	Worked on revamping homepage functions to deal with creating/updating/deleting notes		N/A
John	Add functionality for editing note body, opens an instance of the rich text editor that corresponds to the note title	work on save note data functionality on click of save button	figuring out how to connect an instance of the note to the corresponding data in the notes list
Tim	Created JSON file to save UI state including window size/window position on close, will continue to help with saving notes data →		N/A

Outstanding

Do we need help with anything? Not currently

Decisions

Is there anything else we should capture from this meeting?
